### Funding Your Account

You can deposit money into your new account in a few different ways:
- Transfer money from your existing Bank of Texas account
- Make a check or money order deposit at a banking center

### Early Withdrawal Fee

### Exceptions

We will waive the penalty if:
- Your request for withdrawal to close the CD occurs during the grace period
- The depositor passes away or is judged legally incompetent

### Maturity Grace Period

10 Calendar Days

We will send notifications about maturing CDs 10 days before renewal.

During the 10 day grace period after the CD matures, you may do one of the following:
- Withdraw funds, including interest, without penalty
- Add funds to your account
- Allow your CD to automatically renew
- Renew your CD into one of our available CD terms

If your CD is set to renew and you’ve taken no action through the grace period, your CD will automatically renew into one of the following terms:
- 10 month Promotional CD renews into a 9 month Standard CD
- 10 month Promotional IRA CD renews into a 6 month Standard IRA CD
- 17 month Promotional CD or IRA CD renews into a 17 month Standard CD or 17 month Standard IRA CD

### FDIC Insurance Protection

Your deposits with us are insured by the FDIC up to $250,000 per depositor. Additional insurance may be available based on the account styling. Consult a Relationship Banker for further details.

### Interest

Interest begins to accrue no later than the business day that the Bank receives credit for the deposit of noncash items, such as checks.

The interest rate and Annual Percentage Yield (APY) are administered by the Bank and may change daily at the discretion of the Bank, unless stated otherwise. View our competitive interest rates at Rate Details.

#### Compounding

- CDs: Interest is compounded quarterly
- IRA CDs: Interest is compounded daily

#### Interest Payments

- CDs: Interest is paid quarterly
- IRA CDs: Interest is paid monthly

Interest is credited to your CD, unless you advise us that you prefer one of the following payout options:
- You have the interest paid to you via check
- You may have the interest credited to your Bank of Texas checking, savings or money market account

Any APY quoted for your CD assumes compounded interest remains on deposit until maturity, and a withdrawal of interest prior to maturity will reduce your earnings.
